

P-2.1 Subcommittee on Ceramic Dielectric Capacitors

AGENDA
Wednesday, September 27, 2006
Silver Legacy Resort
Reno, Nevada

1.0 Introductions

1.1 Circulate Membership Roster

1.2 Approval of Spring Meeting Minutes from Ft. Lauderdale.

1.3 Approval of Agenda for Present Meeting

1.4 Correspondence & Review of Committee's Scope

1.5 Report of task groups and committees

1. DSCC, Defense Supply
2. ACH, Automatic Component Handling
3. S-1, Steering Committee
4. STC, Soldering Technology Committee
5. Ceramic Working Group

2.0 Old Business

2.1 Review status of EIA-595-A (PN 5094)

2.2 Status of EIA-198-F "Ceramic Dielectric Capacitors Classes I, II, III, & IV"

2.2.1 Part III- standard two-terminal SMD (PN 5099)

2.2.1.1 Discussion of mechanical outlines table

2.2.2 Part III- PTH focus area

2.2.2.1 Discussion of consolidation needed for this project

2.3 Status of ANSI/EIA 521 (PN 5095)

2.4 Active projects document file tracking method.

3.0 New Business

3.1 Proposed agenda items for next meeting.

3.2 Voltage-dependence of capacitance

3.3 Update on HF characterization of low inductance MLCCs (PN 4563)

4.0 Time and Place of next meeting

5.0 Adjournment
